Spring and Easter Opening

YOU ARE CORDIALLY INVITED TO INSPECT OUR SUPERIOR SHOWING OF THE NEW FASHIONS.

WE launch our opening in confidence, inspired by the knowledge that in all essentials we have greatly surpassed our best efforts of the past. Here you will find awaiting you viewing all that is correct in apparel for the new season. The new styles present radical changes and the variations are many. Yet underlying all is the one basic motive that alone bears the approval of fashion. We have provided only the authentic—our stocks comprise a complete and reliable guide to correct style in dress. OPENING DAYS ARE

**WEDNESDAY & THURSDAY
MARCH 23 AND 24**

VISIT the store on these important days—and have disclosed to you, in all their freshness and beauty, the new fashions in garments, fabrics and dress accessories. This is the style function of the season in this vicinity. Don't miss it. You are cordially invited to attend.

Here are some of the features on which particular attention will be focused during this event.

Fashionable Blouses

The style takes a wide departure from the former seasons. The blouse effect leads. We present a complete range of new styles, including simple tailored effects, fancy lingerie styles and elaborately trimmed blouses. You'll find here the most correct styles and unusually carried values.

The new Tailored Suits are Models of Smartness and Beauty.

We present a wide range of choice in tailored suits this season. Styles are particularly becoming. The coats are much shorter—generally 25 to 30 in. skirts are pleated, some have tunic or apron effects. Materials are many all serviceable and handsome. There are new colorings and designs of great attractiveness. Come and see the correct units for Spring in an unrivalled display and note our prices—values here are also most desirable.

New Neckwear and Belts

Absolutely essential to a smart appearance are these correct accessories of dress. No difficulty in finding them among the complete range of the newest styles priced as you will be glad to find them.

Outer Wraps that are Beautiful in Model and Material

They are all that the most fastidious could desire—fashioned by well known garment-makers, each one is distinguished by design and workmanship of the highest order. Some are simple and others dressy in effect, but all show style and quality, and all are marked at extremely reasonable prices.

Easter Ribbon Extra Special

This is the new sash ribbon, shown in all shades width No. 100. A beautiful finish silk ribbon and fashions latest choice.

GLOVES For Easter

Here are all the newest shades in fashion. Here are all the newest shades in fashion. Here are all the newest shades in fashion. Here are all the newest shades in fashion.

NEW DRESSES OF RARE BEAUTY

The simple peasant type dominates. The new styles are remarkably beautiful. Here we find dresses for all occasions ranging from simple cotton dresses to elaborate silk costumes. The normal waist line is well established in the new dresses and double skirts are generally in evidence. We have gathered a thoroughly representative and extensive assemblage of the new styles and offer splendid values.

THE NEW IN MILLINERY

Styles are more fascinating than ever—and there is such a variety of them. Perhaps it is just a simple little affair with a few field flowers and a bow of pretty ribbon, perhaps it is a gay conception designed for some lady of fashion—it matters not which—all have that indescribable air of distinction which only good milliners can give.

And beauty is not the only thing to recommend them—attractive prices do their share to make this Millinery showing especially interesting. The Spring hat for any costume—just the right color and style—can be best and most economically purchased here.

Man Found Dead Near Railway Track

SUPPOSED TO BE STETTLER MAN.

Word was brought to the city this Thursday morning by the train crew of the express from the north that a man was lying dead near the track about three miles north of Fort. Phillips of the R.N.W.M.P. was at once notified, and with the coroner, Dr. R. D. Robertson, and a jury proceeded at once to the scene.

They found a man, who from papers in his possession is likely to be P. J. Donnelly, from Stettler, and he evidently has a brother living in Vancouver. Deceased is a man between 25 and 30 years of age and was respectably dressed. When found he had a large wound on the skull which was evidently inflicted by a railway tie. The body was found about 15 feet from the track.

DEATH ANGEL VISITS WETASKIWIN

The many friends of Mr. and Mrs. Thos. A. Waterson, were shocked on Tuesday morning last to learn that their youngest daughter, Hazel Albert, had passed away. She was apparently in her usual health on Friday last, when she attended school, but on Friday evening she complained of feeling ill, and when medical aid was summoned it was pronounced to be a case of appendicitis. An operation was performed on Monday afternoon at the hospital, and despite all human effort, the spirit took its flight, about six o'clock on Wednesday morning. She was aged seven years and two days, and was a particular favorite with all who knew her.

CITY NEWS

Mrs. J. H. Horner will receive on Saturday, March 19th, instead of the 24th inst.

Mrs. Geo. C. Clark will receive on Wednesday, March 23rd and not again this season.

A. B. Everts made a business trip to the Capital this week, returning Tuesday morning.

L. D. Hanna was in the east country during the past week. He went as far as Provost.

A special song service will be held on Easter Monday evening, at the Presbyterian church.

B. D. Archer, of Riley was in the city this week renewing old acquaintances and transacting business.

Mr. and Mrs. Schoening, who have been visiting friends and relatives across the line returned home on Wednesday afternoon.

Noble Morrison returned home on Friday last from his trip to Ontario. He says the people down there have never had one of the best winters.

ELECTION NEXT MONDAY

Considerable interest on Monday last at the city hall, all the vacancy on the board of trustees caused by the resignation of Mr. E. Roberts, as returning officer.

Announcement!

There will be a three-convicted contest. The candidates are Messrs. R. M. Angus, J. W. Heric and H. S. Taylor. The election takes place on Monday next, at the city hall, with Mr. E. Roberts, as returning officer.

Rev. A. R. Aldridge was at Edmonton a couple of days this week, giving a series of lectures to the theological students at Alberta College, and Board of Trustees of Wellesley school.

A. W. Maguire arrived in the city on Friday last to renew acquaintances.

The many friends of J. R. Willows who underwent an operation, Thursday last at the Scandinavian Hospital in Wetaskiwin, are pleased to learn that he is now convalescing nicely.

A. E. Wynne, is in Calgary this week attending the Orangemen's Grand Lodge, of the Province of Alberta.

Miss Edna Denley, who has been spending several months with her sister, Mrs. W. F. Vandenberg, left on Wednesday evening for Winnipeg, where she will spend some time with another sister.

Do not forget the meeting of the officers and the Board of Directors of the Agricultural Society on Saturday afternoon next.

Work on the new Imperial Bank building was renewed last week. The building will be rushed to completion as quickly as possible, as we understand the present premises must be vacated before June 1st.

When are the baseball boys going to organize. We understand that an effort is being made to form a Central Alberta League.

Wm. Schreider, who has been suffering with an ailment of the kidneys for some weeks, was taken to the hospital at Edmonton on Tuesday, where he will likely undergo an operation. He was accompanied by his brother, Nick and John F. Neiman.

Peter Kerr, of Aberdeen, S. Dak. formerly of Clinton, Ont., passed through the city on Monday last to visit his son who is living on a farm a few miles east of Hardisty.

The many friends of W. H. Leach, of Battle River, who fell off a load of hay about three weeks ago, are pleased to learn that he is improving as well as might be expected. He injured his foot and it is expected that he will not be able to attend to his farm duties for some months.

The seats are being installed in the King Edward school this week, and we understand the rooms will be ready for occupancy on Monday next. The staff in the new school will be Misses Morson, Sinclair and O'Brien.

A pretty wedding was solemnized by Rev. Mr. Burke, at the Baptist parsonage, on Monday afternoon last. The contracting parties being Mr. Eric Rydberg and Miss Christina Straced, both of Hughenden, Alberta. Mr. and Mrs. Rydberg left on the four o'clock train for their future home.

The teacher, Miss Marie Thibodeau district wish to heartily thank all those who assisted to make the concert held on the evening of March 10 such an enjoyable and successful event. The amount realized was \$47.75 which will go to the organ and library fund.

The secretary of The Farmers' Co-operative Store movement, writes The Times that The Farmers' Co-operative Store, Ltd., are now putting out two more branch stores, one at Millet and the other in the Battle Lake and Lawville district. All farmers in the Wetaskiwin district should write the secretary, Wynne, for information.

Messrs. R. W. Manley, Jos. Tren and McChesney, who went to Spokane a few days ago, to complete the patent on their newly invented steam engine, returned home on Monday evening, after having a most successful trip. They now have patents for Canada, the United States, the British Isles and Denmark. E. G. Rodell, who had them will return in a few days, having stopped off at his fruit ranch.

"Bronchitis." The Times

THE SYMPTOMS ARE

Tightness across the Chest, Sharp Pains and a Difficulty in Breathing, a Secretion of Thick Phlegm, at first white, but later of a greenish or yellowish color coming from the bronchial tubes when coughing, especially the first thing in the morning.

Bronchitis is generally the result of a cold caused by exposure to wet and inclement weather and when neglected will become chronic.

Chronic Bronchitis is one of the most general causes of Consumption. Cure the last symptom of Bronchitis by the use of Dr. Wood's Norway Pine Syrup.

Miss Martha Hough, Little Falls, N.Y., writes: "Last spring I was very poorly and had a bad cough, which could not be cured by any doctor, and I resorted to two doctors, and both told me I had Bronchitis, and advised me to give up teaching. I tried almost everything but none of the medicines gave me any relief, and my friends advised me to try Dr. Wood's Norway Pine Syrup. I had scarcely taken the first bottle when I began to get better and when I had taken two more bottles I felt as well as ever, my cough had left me and I could sleep and eat as usual."

Dr. Wood's is the original Pine Syrup. It is put up in a yellow wrapper, three pine trees the trade mark, and the price is 10 cents. There are many imitations of "Dr. Wood's," so be sure you receive the genuine when you ask for it.

PREMIER RUTHERFORD HAS A MAJORITY OF THIRTE

The telegraphic changes that take place in the political situation at the provincial capital these days are remarkable for their swiftness.

There was a big surprise in store for the people last Friday afternoon. The morning papers had announced the last efforts of Premier Rutherford to get the opposing factions together and it is generally supposed that he was absolutely alone and there was nothing for him to do but to resign. It was believed that when the Attorney-General tendered his resignation and the ex-minister of Public Works was invited to return to the cabinet, the particular friends of the Attorney-General took offense at the Premier's desertion of his standard. At 3 o'clock the galleries of the legislative chamber were crowded with people to hear the announcement of the resignation of Premier Rutherford, and in full anticipation of the Hon. Mr. Cushing taking the seat of First Minister with a full new cabinet announced for re-election. Imagine their surprise when Premier Rutherford walked in with C. W. Cross, Hon. Duncan Marshall and P. E. Lessard and each took their accustomed places in the ministerial row. It suddenly dawned upon those assembled that the funeral of the Rutherford government must be postponed until the death of the patient and the body politic was found kicking vigorously.

The opening of the session was delayed until 3.20 o'clock, Mr. Speaker waiting the arrival of the cabinet ministers. When they walked in and took their seats there was a big cheer from the government supporters.

After prayer, Mr. Stewart, of Selkirk, rose on a question of privilege to say that he was informed that a report had been sent to a Calgary paper to the effect that Mr. Boyle, member for Sturgeon, had approved Shaw, of Stettler.

St. Albert and I, from present, is becoming Atto Proving. When Mr. much out, Mr. Speaker called him to order, contending that he had no right to make such a statement on the point of privilege.

Mr. Boyle immediately rose and denied the story Mr. Stewart had just given out.

Mr. Speaker also called him to order, but as in the case of Mr. Stewart before he had made his meaning plain to the House.

The orders of the day were quickly passed over, since, owing to the turmoil of the week, little has been done to get legislation into shape for the House.

That the flag of truce had been lowered and the opposing forces were again ready for battle was manifested when the Hon. Mr. Cross moved the second reading of Bill No. 19, entitled "An Act Respecting Towns."

Mr. Riley, of Gleichen quickly rose and moved in amendment that the bill be given the six months trial confidence because this House had lost confidence in the administration. The armistice flared at each other in defiance, but no discussion was offered from either side. Mr. O'Brien, the Socialist member for Rocky Mountain, rose and left the chamber. Mr. Speaker called for the "yeas" and "nays" and they rang out with real strong voices. The "nays" have it declared the Speaker, whereupon Mr. Boyle rose and asked for a division.

The Sergeant-at-Arms was instructed to call the members in from the lobby for division, but from Mr. O'Brien continued to be an absentee. It might be said just here that Hon. Mr. Buchanan occupied the private member's seat reserved for Mr. Genge, member for Macleod, who has not been in attendance at this session owing to illness.

Following is the result of division: FOR THIS GOVERNMENT—23 A. C. Rutherford, C. W. Cross, Duncan Marshall, P. E. Lessard, Puffer Shaw, A. Campbell, (Verillion), Moore, Gunn, Stauffer, Woolf, McKenize, Walker, Telford, Olin, McPherson, Cornwall, Cote, Boudreau.

STOMACH AGONY

Abolish the Cause, and misery and Distress of Indigestion will Vanish.

Can indigestion be cured? Hundreds of thousands of people who suffer from belching of gas; biliousness, sour stomach, fullness, nausea, shortness of breath, bad taste in mouth, foul breath, nervousness and other distressing symptoms, are asking themselves that question daily.

And if these same doubting dyspeptics could only read the thousands of sincere letters from people who once suffered as badly as they do now, but who have been quickly and permanently cured by the use of Mi-o-na, the mighty dyspepsia remedy that cures by removing the cause, they would go to the Red Cross Drug Store this very day and get a large box of Mi-o-na tablets, and start themselves on this truth. No vomiting, no distress. A safe and pleasing syrup—50 cents. Sold by Red Cross Drug Store.

Those who opined that the cattle industry would be down and out as this district became settled upon by farmers are now changing their opinions. Conditions are no doubt changing rapidly but neither the number nor the quality of the cattle raised has decreased or depreciated. "Stettler Citizen."

COUNCIL PROCEEDINGS

The regular meeting of the city council was held on Tuesday evening with all present except Ald. Olin. Minutes of regular meeting read and adopted.

Correspondence
From E. B. Snider & E. G. Laing, re placing name boards on the principal streets and numbering the houses. Moved by Nunnely-MacEachern that letter be filed. In amendment it was moved by Higgs-Ellis-That the secretary obtain prices from firms handling signs to ascertain prices for such work. Carried.

From E. B. Chandler, secretary public school board, wanting to know prevent the spread of diphtheria. Dr. Stevenson, medical health officer, was present and explained what he had done in the case in question and that every precaution had been taken. —Higgs-MacEachern-That the medical health officer be requested to hand in a written report and that a copy be sent to the secretary of the school board.—Carried.

Dr. Stevenson also reported verbally that the city was now in a fairly good sanitary condition, but in the spring there would be a thorough clean-up.

From the Wetaskiwin Tent, & Mattress Co. requesting exemption from taxation for ten years, and electric light power at 3 cents per K., they agreeing to double the capacity of the building and to employ from 15 to 20 hands for at least nine months in the year.

Ald. Higgs thought they should be assisted if possible. They might be given power at the price asked, but he was not in favor of giving exemption from taxation. Ald. MacEachern stated that there are other parties here who have never got a cent of assistance from the city and he opposed giving the Wetaskiwin Tent & Mattress Company any. After a general discussion it was moved by MacEachern-Nunnely-That the matter be referred to the fire and power committee to report at next meeting. Carried.

From Watrous Engine Co., re new boiler for fire engine. MacEachern-Higgs-That letter be left on table until Mr. Switzer, their representative is heard from. Carried.

From Thompson & Co. re payment on cast iron pipe. Referred to the Finance committee. Carried.

From Ingersoll-Sergeant Co., asking that contract for air receiver be signed and returned.

Nunnely-MacEachern-That contract be signed by Secretary and Mayor and that they be requested to ship goods at once. Carried.

From W. J. Corrie re interest on arrears of taxation stating that at the present time simple interest is all that can be collected. Higgs-Ellis-That report be received and adopted. Carried.

Ald. Nunnely reported on behalf of the fire and water committee that the fire brigade be composed of 15 members, including the chief, that one meeting and one practice be held each month and that the following scale of wages be adopted: Chief, \$20 per month; assistant chief \$20.00 per month; and \$1.00 for meeting; firemen, \$1.00 for practice and 50 cents for each meeting; for fire \$2.00 for the first hour or part thereof and \$1.00 for each succeeding hour or part of an hour. For false alarms \$2.00 if hose

is laid, otherwise \$1.00. It is understood that the pay for fires is to cover all damages to firemen's clothes, etc.

Higgs-MacEachern-That report be accepted. Carried.

Higgs-MacEachern-That fire and water committee be instructed to have room built upstairs and fitted up for firemen. Carried.

A lengthy discussion ensued on the manner in which the chief of police was performing his duty. It was moved by Higgs-MacEachern-That chief of police be instructed to prosecute all parties infringing any or all by-laws of the city, and that he present a monthly statement of arrests made, etc. Carried.

Higgs-Ellis-That chief of police notify managers of Baptist church that they must cover up manure at rear of that building at once. Carried.

The committee reported having ordered two hundred barrels of cement for work on sewer extension prior to raise in price. Higgs-Nunnely-That report be adopted. Carried.

A letter was read from O. R. Taylor explaining some of the duties of the employees of the power house and stating that Mr. Henderson would read all meters and hand reading into city office where collections of accounts would be made. Moved by Higgs-Nunnely-That letter be received and adopted. Carried.

Tenders were read for the supply of sewer pipe as follows:

Gorman, Clancy & Grundy 77¢ cents per foot.
Macombe Pipe Co. 78 cents per foot.
Accounts were then passed for payment as follows: Electric light \$51.54; waterworks and sewerage \$544.18; general \$125.25.

His worship announced that Judge Less would be here on Tuesday "next" at 10 a. m. to hear appeals against sewer construction.

Higgs-Ellis-That contractor for new Imperial Bank of Canada building be instructed to widen the temporary sidewalk to five feet. Carried.
Higgs-Nunnely-That clerk ascertain prices of suitable trees for ornamental purposes from the different nurseries. This action was taken on the suggestion of Mayor Montgomery, who thought a few thousand trees could be purchased to start a nursery at the agricultural grounds. Trees of various kinds could be supplied to the citizens at a much cheaper rate than in any other way.
Meeting adjourned.

HE SAW THE JOKE

An Englishman and a Scotchman went walking one day to a small town. Below this were printed the words: "If you can't read apply to the Blacksmith." The Englishman burst out laughing, and the Scotchman, asking the joke, was told he would be left to find out for himself. Coming to a hotel they shared a bedroom, and about midnight the Englishman was awakened by the sound of laughter from his friend's bed, and he asked what was the matter. "I see it now," replied the Scotchman, "the blacksmith might be out."—Bathelam.

Have you a pain of any kind, say where? Stop just a minute and think it matters not whether it be womanly pains, head pains, or any kind of pain, one of Dr. Shoop's Little Pink Tablets will surely stop it in 30 minutes. Formula plainly printed on the 25 cent box. Sold by Red Cross Drug Store.

TO CREAMERY PATRONS

Patrons of creameries need not only see to it that the raw material is delivered in the best possible condition, but that a large and steady supply be furnished. Can any means be taken to increase the production per cow or per acre? The answer to that query implies a knowledge on the part of every dairyman as to just what each cow in his herd can produce. Does a stable nowadays furnish quarters and good feed to cows that have no intention of giving more and that have no possibility of a profitable yield? Is every dairyman quite certain that each cow in his stable pays? It is an excellent plan to make sure of that vital point, it is the initial step in successful dairying, the foundation for building a profitable herd. The only way to make sure is to keep dairy records, then it is an easy matter to distinguish and dispose of any non-paying guest, and feed each selected cow up to her capacity of production. Through a continuous check on the yield of each individual cow many herd owners have been enabled to increase the average yield by as much as 1500 and 1800 pounds of milk per cow in three years. Forms for recording weights of milk, or feed, will be supplied free on application to the dairy commissioner, Ottawa.

SEEKING EX-MEMBERS' QUEEN'S OWN REGIMENT

Several thousands of former members of the Queen's Own Rifles will assemble from all parts of the continent at Toronto next June, for a reunion in celebration of the first centennial of the regiment. The festivities will commence Saturday, June 18th, with a reception at Government House, His Honor, the Lieutenant-Governor, like many other notables, being an ex-member of the crack regiment. On Sunday a monster church parade of ex-members of the present will be an important affair. During the week grand historical pageants on a scale only equaled at the Quebec Tercentenary, will be given by several thousand performers on the Rideau Athletic grounds. In addition there will be numerous social meetings of old comrades.

In nearly every town and city in the Dominion, and in many in the United States and everywhere are men who have served in the Queen's Own, and the Semi-Centennial Committee is desirous of getting persons in touch with as many of them as possible. To that end, it will greatly facilitate matters if the ex-members who see this will at once communicate with the permanent secretary, Mr. G. I. Riddell, 26 King Street, Toronto, and prevail upon all the other ex-members they know to do the same. Mr. Riddell will promptly send them particulars.

The Bedgewick hospital board have received the gift of a free "bath" for their new hospital from the C. P. R. This site is on the new addition to the town and in the best residential location. The hospital company have a great many shares sold and it is expected that work on the new building will be commenced in the course of a few weeks.

INJURIES & SKIN SORES—QUICK CURE.

A little child ran crying to her mother the other day with a nasty flesh wound and asked for Zam-Buk.

There lies a more powerful argument for Zam-Buk than even the scientists can bring. The child had had Zam-Buk before, and knew it eased pain and healed.

Zam-Buk works in two directions. Prevents worse results from a skin injury or skin disease (such as festering and blood poisoning) while it repairs the damage already done. Zam-Buk is strictly herbal, is pure, contains no trace of animal fat or mineral coloring. Surest and quickest known healer.

FATHER AND SON BENEFIT FROM USE OF THIS BALM.

Mr. Walter Adams, 171 Railway Ave., Alberta, says:—"My son, William, is playing hard-fought about the back yard, cut his little toe on the sharp edge of a piece of tin. The toe was cut at the first joint, and almost severed from the foot. My wife hurriedly bathed it with warm water, afterwards applying some that I had spread with Zam-Buk. The healing balm quickly checked the flow of blood, eased and soothed the pain, and prevented inflammation and more serious results. In a few weeks Zam-Buk healed the wound so nicely that my son was able once more to go about, and also to wear his shoes without the slightest inconvenience. Not only is Zam-Buk valuable for wounds, cuts, etc., but, as you see, it is also a sure cure for rheumatic pains."

Contains NO ANIMAL FAT OR MINERAL COLORING. ZAM-BUK.

CANADA CAN SUPPLY THE WORLD

Dr. Dowling, of the Geological survey, has recently prepared a report for the Conservative Commission as to the amount of coal available in the Dominion. He estimates that Canada could supply the whole of the world with this commodity for 170 years. The figures for the various provinces are of decided interest to Alberta.
Yukon, an area of four hundred square miles of coal fields, containing nine million tons of anthracite, thirty-two million tons of bituminous, and eight hundred and fifty tons of lignite.
MacKenzie, two hundred square miles, five hundred million tons of lignite.
British Columbia, 1,123 square miles, twenty million tons of anthracite, 33,642 million tons of bituminous, and 314 million tons of lignite.
Alberta, 19,583 square miles, four hundred million tons of anthracite, 44,500 million tons of bituminous, 60,000 tons of lignite.
Saskatchewan, 7,500 square miles, 20,000 million tons of lignite.
Manitoba 48 square miles, 330 million tons of lignite.
Ontario, 10 square miles, 25 million tons of lignite.
New Brunswick, 112 square miles, 155 million tons of bituminous.
Nova Scotia, 922 square miles, 6,250 million tons of bituminous.
Total coal deposits, 429,960,000 tons of anthracite, 32,000 million tons of bituminous coal, and 82,021 million tons of lignite.
Alberta has thus away beyond every other the greatest coal areas in the Dominion. What this means to its future does not need to be pointed out. Up to the present we have hardly scratched the surface of our deposits.
"Canada is destined to become one of the greatest coal producing countries in the world," concludes Dr. Dowling. "The coal deposits of Canada compare favorably with those of the greatest coal mining countries in the world, as to quality, quantity and accessibility for mining purposes. In Germany and Great Britain seams are being mined which are only two feet thick; here we do not look at a seam less than two feet thick. The Welsh coal is supposed to be the best in the world. We have coal in the Rocky Mountains which compares favorably with the best Welsh coal. The possibilities for the discovery of more coal in Canada are very great, particularly along the eastern edge of the Rocky Mountains. There are to be found the formations that carry the greatest quantity, number and thickness of seams."

Temperance Column

Edited by THE W. C. T. U.
CONVENTION SPEECHES

We propose laying before the readers of the next few weeks some of the speeches delivered at the great convention held in Toronto two weeks ago. We regret that our limited space prevents a full report of all the proceedings.
At the evening mass-meeting of Feb. 17th, one of the principal speakers was Ernest H. Cherrington, of Columbus, Ohio, who brought the greetings of the Anti-Saloon League of the United States. President Gibson introduced him in a witty speech full of kindly references to the great army of moral reform workers on the southern side of the boundary line. Mr. Cherrington spoke as follows:
It is a great pleasure to bring cordial greetings from the Anti-Saloon League and to join hands with you in the glorious warfare. The temperance question is an old one, and the anti-liquor reform is an old reform, but there are new methods in this days, represented by the Canadian Alliance, and by our League across the border, bringing splendid results in this great fight. We are beginning everywhere to recognize that we must accept the conditions connected with the solution of this problem, not as we would like them—(hear, hear)—and to grasp the weapons that may be in our hands, not as ideal but as the best that can be secured, going forward with these weapons, securing others, and finally working out the solution of this problem.
Religion at the bottom of it.
One of the great philosophers of our day touched the key-note in religious thought and activity when he said, "I believe that whatever has to do with the welfare of humanity, in politics, in industry, in religious at bottom." (Hear, hear). The great Roman, Cicero, centuries ago, in the language of the religion of his day, said the same thing. There is no way by which man can approach nearer to the gods than by tribute to the welfare of his fellow-creatures. (Hear, hear). And the great founder of our Christian religion—that character of all the ages—in His life, His teaching, His example, everywhere set forth the great truth of this. His mission and the mission of Christianity consisted not in one thing, but in many. It was as the apostle has said the preaching of the gospel to the poor; but that was only a part; it was also the healing of the brokenhearted, the preaching of deliverance to the captives, the recovery of sight to the blind, and the setting at liberty them that are bound.
That is real Christianity in fact the great central value of every religion that this world has known, old and new, has been in the ability of that religion to alleviate human suffering, to do away with human woes and heart-aches, to create human happiness, to right human wrongs, and to establish here on earth among men God's real kingdom of righteousness. (Hear, hear). One of the first positive vital missions of the church of Jesus Christ in this twentieth century does not consist alone in the desire simply for one to save his soul; it consists as well in that larger desire upon the part of the world's best Christian men and women, to bring something of Heaven to this old earth and to help brighten the dark places of this world. (Hear, hear).
(Concluded next week.)

(from The Packet)
Mr. E. G. Cooper of Castor was in town last week end.
Rev. W. H. Day has been attending the Epworth Convention at Edmonton this week.
A social evening was held in the church, Wednesday. A goodly number was present; all kinds of parlor games were played and light refreshments served.
A bazaar will be held in the I.O.O.F. hall on March 31st under the auspices of the Catholic church. Articles of all kinds will be on sale. An oyster supper will be served from 6 p.m. Everybody come.
The Rebekahs of the I.O.O.F. Order, held a very successful bazaar social and entertainment last Friday night which was attended by a full house. A splendid programme was put on by members of the lodge, and a Penron Park and local talent. V. G. French, G. M. I.O.O.F. of Alberta was present and gave a very appropriate speech on Oddfellows. Mr. A. O. Alexander occupied the chair. The bazaar was pretty and plentiful, and all brought home good prizes under the

Bancroft Man Thinks This Fruit Medicine Will Work Miracles.
It is the old chronic case, the stubborn case, the case that will not yield to the ordinary remedies of the physician, that "Fruit-a-tives" never fails to cure. Many of the cures made by "Fruit-a-tives" are the wonder and admiration of the doctors who cannot understand how "Fruit-a-tives" can do what they cannot.

Rev. A. D. Richard is up at Edmonton attending a Sunday School convention.
Mrs. Geo. D. Wallace of Wetaskiwin spent the week end with Mrs. O. G. Cornelle.
Ray Currie, who has been employed as second baker for the past two months at the bakery here, returned to his home at Lacombe.
Martin Johnson and Jack Beckman of Medicine Creek, returned to town on Monday night after a month's visit to South Dakota and other points.
New Norway people are jubilant these days over a letter received by the president of their Board of Trade from E. J. Chamberlain, vice-president and general manager of the G.T.F., which states that their town is one of the stations on the Tonfald-Calgary branch.
E. B. Sinder, of New Norway, returned on Saturday from a "three months' visit to Iowa and Illinois. In speaking of the states he visited Mr. Sinder states that there are worse places than Alberta and that he is very well pleased with Camrose and district.
ALBERTA
Have you heard the people telling of that grand and golden West, For grain and stock raising She has proved herself the best. Where wheat runs from thirty to fifty And oats go one hundred and more, With barley and flax in abundance She will always have plenty in store So here a toast to Alberta. May she always attain that high estate of being foremost in grain raising May her prairies be soughed to fame

Could Not Sleep In The Dark.
Doctor Said Heart and Nerves Were Responsible.
There is many a man and woman tossing and turning after night upon a sleepless bed. Their eyes do not close in the sweet and refreshing repose that comes to those whose heart and nerves are right. Some constitutional disturbance, worry or disease has so disordered and irritated the nervous system, that it cannot be quieted.
Mrs. Calvin Stark, Rossmore, Ont., writes:—"About two years ago I began to be troubled with a smothering sensation at night, when I would lie down. I got so bad I could not sleep in the dark, and would have to sit up and rub my eyes. I tried all kinds of medicine and nerve pills advertised and got a box to try them. I took three boxes and can now lie down and sleep without the slightest disturbance and can rest well. I can recommend them highly to all nervous and run down women."

TO THE ELECTORS

Of the Municipality of the City of Wetaskiwin.

Ladies and gentlemen. At the request of a large number of the electors of this city, I have consented to become a candidate in the approaching election to fill a vacancy in the Municipal Board of Aldermen, for the City of Wetaskiwin. Owing to the shortness of time between now and polling day, I will be unable to see you all personally and I therefore take this means of soliciting your support and votes on election day, March 21st.

I have been a resident of this district for 18 years and one of the heavy taxpayers of this city, and believe I should be privileged to take part in the government of our city in the most modern and economical manner possible under existing circumstances. Thanking you ladies and gentlemen in anticipation, I am Yours respectfully,

R. M. Angus.

M. W. A. OFFICERS INSTALLED

A most enjoyable time was spent at Peace Hills Camp No. 13216 M. W. A. on Wednesday evening, when the camp was favored with a visit from Ogden C. Johnson, District Deputy of Calgary. Mr. Johnson gave a very interesting and instructive address on the work and progress of the order. The installation of officers also took place, resulting as follows:

O. C. Skov, V. O.

F. C. Johnson, W. A.

H. R. Asp, C. B.

F. Gross, Clerk.

L. Schele, Escort.

P. Schneider, Watchman.

D. Phillips, Centry.

G. Gross, W. Morris, H. Tost, Managers.

Dr. T. B. Stevenson, Physician.

music at 25 per cent. off at The Studio, Pearce St. J. H. Knight.

Don't miss it, a treat of your life. Come and hear the Salvation Army Brass Band of Winnipeg, Man., consisting of 37 bandmen. A grand musical Festival will be held in the Opera house on Monday night, March 21st, commencing at 8 o'clock. The band will under the leadership of Bridg. Durrill, the provincial officer, assisted by Adj. McElinery, both of Winnipeg. Admission 25 cents.

Mr. and Mrs. Francois Adam, of Camrose, who have been spending the winter at the coast cities passed through the city on Tuesday en route home.

In response to an inquiry we give the following data on the life of St. Patrick: St. Patrick was supposed to have been born about 372. He was stolen by pirates and sold in Ireland to a County Antrim. Here he passed seven years, learning the language, manners, habits and customs of the people. He escaped to the continent and after a time Pope Celestine advised him to return to Ireland as a missionary. The Druidical priests were great magicians and St. Patrick found them formidable antagonists, and when persuasion on the part of St. Patrick failed, he cursed their fertile lands and they became dreary bogs; he cursed also their rivers, so that they produced no fish. Again he cursed their kettles, so that no amount of fire would make them boil. And at last he cursed the Druids themselves and the earth opened up and swallowed them. But the greatest of all St. Patrick's miracles was driving the snakes and toads out of Ireland and rendering the Irish soil forever arable so obnoxious to the serpent race that they instantly die on touching it.
